

(The original bylaws are in Japanese. This English version is a translation for convenience.)

Institute for Integrated Cell-Material Sciences (iCeMS) Analysis Center,
Kyoto University Institute for Advanced Study (KUIAS)

Bylaws for User Fees, etc.

March 31, 2020, decision by the Director of iCeMS Analysis Center, KUIAS

Partial Revision as of November 24, 2020

Partial Revision as of March 30, 2021

Partial Revision as of July 1, 2021

Partial Revision as of January 28, 2022

Partial Revision as of January 25, 2024

Partial Revision as of March 24, 2025

Partial Revision as of December 24, 2025

Article 1 These Bylaws stipulate the amount of registration fees and user fees to be borne by the research representative of the group using iCeMS Analysis Center (hereinafter referred to as the “Responsible User”); this is pursuant to the provisions of Article 12, paragraph 3 of the Bylaws for Shared Use of Institute for Integrated Cell-Material Sciences (iCeMS) Analysis Center, Kyoto University Institute for Advanced Study (KUIAS) (August 30, 2017, decision by the Director-General of KUIAS).

Article 2 The classification of the Responsible User shall be as follows:

- (1) A faculty or staff of the Institute for Integrated Cell-Material Sciences (iCeMS), KUIAS
- (2) A faculty or staff of Kyoto University (excluding those listed in the preceding item)
- (3) A member of a national or local government, or a national university corporation, an inter-university research institute, an independent administrative institution, or any other corporation or organization aimed at education or research other than the University
- (4) A person belonging to enterprises and the like

Article 3 The annual registration fee shall be the amount listed in the fee column of Appendix 1 according to the classification of the Responsible User.

Article 4 The user fees pertaining to the technical consultation and exclusive use of experimental bench shall be the amount listed in the fee column of Appendix 2 as per the classification of the Responsible User.

Article 5 The user fees for the equipment shall be the amount obtained by multiplying the per-unit fee for the equipment listed in the fee column of Appendix 3 by the number of usage units according to the classification of the Responsible User.

Article 6

1. The Director of iCeMS Analysis Center, KUIAS may change these Bylaws without the consent of the Responsible User in the following cases:
 - (1) When the change in the Bylaws conforms to the general interests of the user.
 - (2) When the change in the Bylaws is not contrary to the purpose for which the contract was concluded and is reasonable in light of the necessity of equipment management and other circumstances pertaining to the change.
2. When changing the Bylaws pursuant to the preceding paragraph, the effect that the Bylaws will be changed, the content of the Bylaws after the change, and its effective date shall be made known to the Responsible User by posting them on the Center’s website, notifying them by e-mail, or by other appropriate means no later than the effective date.

Supplementary Provision

These Bylaws shall be effective from April 1, 2020.

Supplementary Provision

These Bylaws shall be effective from December 1, 2020.

Supplementary Provision

These Bylaws shall be effective from April 1, 2021.

Supplementary Provision

These Bylaws shall be effective from July 1, 2021.

Supplementary Provision

These Bylaws shall be effective from February 1, 2022.

Supplementary Provision

These Bylaws shall be effective from February 1, 2024.

Supplementary Provision

These Bylaws shall be effective from April 1, 2025

Supplementary Provision

These Bylaws shall be effective from January 1, 2026

Appendix 1

Item	Unit of Use	Responsible user listed in Article 2, (1)	Responsible user listed in Article 2, (2) and (3)	Responsible user listed in Article 2, (4)	Notes
Registration Fee	Year	¥50,000	¥50,000	¥50,000	

Appendix 2

Item	Unit of Use	Responsible user listed in Article 2, (1)	Responsible user listed in Article 2, (2) and (3)	Responsible user listed in Article 2, (4)	Notes
Technical Consultation	1 hour	¥3,400	¥3,400	¥3,400	
Exclusive use of experimental bench	1bench/ 1 month		¥4,000	¥28,000	

Appendix 3

Unit	Types	Equipment No.	Equipment	Unit of Use	Responsible user listed in Article 2, (1)	Responsible user listed in Article 2, (2) and (3)	Responsible user listed in Article 2, (4)	Notes
Biological	Microscope	B001	Nikon Fast-Scan Confocal Microscope A1R	1 hour	¥1,820	¥2,500	¥4,200	
				1 day	¥14,560	¥20,000	¥33,600	
		B002	Olympus Confocal Microscope FV-1000	1 hour	¥1,820	¥2,300	¥7,800	
				1 day	¥14,560	¥18,400	¥62,400	
		B003	Leica Super-Resolution Microscope TCS SP8 STED	1 hour	¥2,140	¥2,600	¥6,800	
				1 day	¥17,120	¥20,800	¥54,400	
		B004	Zeiss Confocal FCCS Microscope LSM780	1 hour	¥1,640	¥1,900	¥4,900	The technical consultation fee shall be required additionally when using the equipment (unless deemed unnecessary by the Director of iCeMS Analysis Center) .
				1 day	¥13,120	¥15,200	¥39,200	
		B005	Zeiss Super-Resolution Microscope LSM880Airyscan	1 hour	¥1,790	¥2,400	¥3,700	The technical consultation fee shall be required additionally when using the equipment (unless deemed unnecessary by the Director of iCeMS Analysis Center) .
				1 day	¥14,320	¥19,200	¥29,600	
Analyzer	Analyzer	B006	Ziess Confocal Microscope LSM710	1 hour	¥1,510	¥1,900	¥6,100	The technical consultation fee shall be required additionally when using the equipment (unless deemed unnecessary by the Director of iCeMS Analysis Center) .
				1 day	¥12,080	¥15,200	¥48,800	
		B007	Ziess Multiphoton Fast Super-Resolution Microscope LSM980NLO Airyscan2	1 hour	¥1,840	¥2,400	¥8,400	The technical consultation fee shall be required additionally when using the equipment (unless deemed unnecessary by the Director of iCeMS Analysis Center) .
				1 day	¥14,720	¥19,200	¥67,200	
		B008	Andor Multimodal Fast Confocal Microscope System Dragonfly	1 hour	¥1,830	¥2,500	¥4,900	
				1 day	¥14,640	¥20,000	¥39,200	
		B009	Zeiss Super-Resolution Microscope Elyra 7 with Lattice SIM2	1 hour	¥2,090	¥2,800	¥8,800	The technical consultation fee shall be required additionally when using the equipment (unless deemed unnecessary by the Director of iCeMS Analysis Center) .
				1 day	¥16,720	¥22,400	¥70,400	
		B101	BD Flow Cytometer FACS Canto II	1 hour	¥2,060	¥2,700	¥4,900	
		B102	BD Cell Sorter FACS Aria II SORP	1 hour	¥3,350	¥4,200	¥6,400	
Material	Analyzer	B104	ProteinSimple Capillary Immoblotting Jess System	1 analysis	¥3,140	¥4,400	¥10,800	
		B105	Applied Biosystems 4 Capillary DNA Sequencer SeqStudio	1 analysis	¥2,240	¥2,800	¥6,800	
		B106	Applied Biosystems RT-PCR system QuantStudio 3	1 analysis	¥480	¥700	¥3,500	
		M001	JEOL Field Emission Transmission Electron Microscope (FE-TEM) JEM-2200FS	1 hour	¥2,990	¥3,800	¥4,700	The technical consultation fee shall be required additionally when using the equipment (unless deemed unnecessary by the Director of iCeMS Analysis Center) .
		M002	JEOL Field Emission Scanning Electron Microscope (FE-SEM) JSM-75FTC	1 hour	¥1,270	¥1,700	¥2,400	
		M003	Rigaku X-ray Absorption Spectrometer R-XASLooper/S	4 hours	¥3,180	¥3,200	¥6,100	The technical consultation fee shall be required additionally when using the equipment (unless deemed unnecessary by the Director of iCeMS Analysis Center) .
		M004	Bruker Nuclear Magnet Resonance (NMR) AVANCE-III 500USP	10 minutes	¥190	¥300	¥400	Applicable with Solution Probe Only
		M006	JEOL Nuclear Magnet Resonance (NMR) JNM-ECZ600R/M3	10 minutes	¥200	¥300	¥500	Applicable only when measuring $^1\text{H}/^1\text{F}/^3\text{P}$ with a solution probe.
				3 hours	¥3,520	¥4,100	¥7,700	The technical consultation fee shall be required additionally when using the equipment (unless deemed unnecessary by the Director of iCeMS Analysis Center) .
		M007	Hitachi High-Tech Schottky Scanning Electron Microscope SU5000	1 hour	¥1,360	¥1,900	¥2,700	
		M008	Shimadzu Multi-Type ICP Emission Spectroscopy ICPE-9820	1 hour	¥3,550	¥4,700	¥9,000	The technical consultation fee shall be required additionally when using the equipment (unless deemed unnecessary by the Director of iCeMS Analysis Center) .
		M009	Kyowa Interface Science Contact Angle Meter DMs-401	1 hour	¥560	¥800	¥10,800	
		M010	Rigaku Fully Integrated Electron Diffractometer XtaLAB Synergy ED	3 hours	¥9,150	¥11,600	¥96,100	The technical consultation fee shall be required additionally when using the equipment (unless deemed unnecessary by the Director of iCeMS Analysis Center) .
		M011	Bruker Atmospheric Pressure Chemical Ionization / Electrospray Ionization Time-of-Flight Mass Spectrometer (APCI/ ESI-TOF MS) micrOTOF II	30 minutes	¥660	¥900	¥2,000	
		M012	Bruker Matrix-Assisted Laser Desorption/Ionization Time-of-Flight Mass Spectrometer (MALDI-TOF-MS) Microflex Reflectron-KS II	30 minutes	¥650	¥900	¥2,100	
Analytical	Evaluation Equipment	M103	MicrotracBel Adsorption Measurement Instrument BELSORP-MINI X	1 analysis	¥14,250	¥18,100	¥35,900	The technical consultation fee shall be required additionally when using the equipment (unless deemed unnecessary by the Director of iCeMS Analysis Center) .
			N2 (Option)	1 analysis		¥300		
			CO2 (Option)	1 analysis		¥2,350		When using the equipment, if the gases supplied by the center are used, the user must bear the cost of the specified gas as an additional option fee for each measurement.
			O2 (Option)	1 analysis		¥4,300		However, users are also allowed to bring and use the specified gas on their own.
			Ar (Option)	1 analysis		¥3,200		
		M104	MicrotracBel Adsorption Measurement Instrument BELSORP-MAX X	1 analysis	¥32,410	¥43,600	¥95,100	Applicable only liquid adsorption measurement. The technical consultation fee shall be required additionally when using the equipment (unless deemed unnecessary by the Director of iCeMS Analysis Center) .
			N2 (Option)	1 analysis		¥300		
			CO2 (Option)	1 analysis		¥2,350		
			H2 (Option)	1 analysis		¥2,000		
			O2 (Option)	1 analysis		¥4,300		
			Ar (Option)	1 analysis		¥3,200		
			NH3 (Option)	1 analysis		¥6,200		
			NO (Option)	1 analysis		¥23,000		
Analytical	Specimen Making Apparatus	M201	MicrotracBel Adsorption Measurement Instrument BELSORP-MAX X	1 analysis	¥23,710	¥32,100	¥71,000	Applicable only gas adsorption measurement. The technical consultation fee shall be required additionally when using the equipment (unless deemed unnecessary by the Director of iCeMS Analysis Center) .
			N2 (Option)	1 analysis		¥300		
			CO2 (Option)	1 analysis		¥2,350		
			H2 (Option)	1 analysis		¥2,000		
Analytical	Specimen Making Apparatus	M202	O2 (Option)	1 analysis		¥4,300		
			Ar (Option)	1 analysis		¥3,200		
			NH3 (Option)	1 analysis		¥6,200		
			NO (Option)	1 analysis		¥44,800		
Analytical	Specimen Making Apparatus	M203	NO2 (Option)	1 analysis		¥39,400		
			N2O (Option)	1 analysis		¥21,200		
			SO2 (Option)	1 analysis		¥1,500		
Analytical	Specimen Making Apparatus	M201	Filgen Osumium Plasma Coater OPC60AL	30 minutes	¥450	¥600		
			JEOL Auto Fine Coater JFC-1600					
			Vacuum Device Osumium Plasma Coater HPC-20
